Increase of Real Estate For Whole County is Eight And One-Half Per Cent, Deputy Auditor Says

IS NEAR THE AMOUNT ASKED

Rushville Township's Land is Worth The Most And Ripley is Lowest in The List

Deputy Auditor Bales has figured the average assessed value of the land in the county as taken from the township assessors' books. The assessed value of the land in the county shows an increase of practically eight and one-half per cent.

The average of the assessed value of the real estate in some of the townships presents some strang figures. Rushville township, as would naturally be supposed, heads the list. The average value in this township is given at \$47.27 per acre. The land in this township is figured more valuable because of the distance from the city.

The board of review did not change any of the township average assessments. Chicago Strikers Get About all They Asked Board For.

(By United Press.)

Chicago, July 15.—Chicago street ear men have won their fight for higher pay and a shorter period of service to obtain maximum pay. The arbitration board announced its decision today.

The result was a sweeping victory for the employes. They won practically every contention of importance for which they struck. The highest pay, it is said, will be at least 35 cents and possibly 36 cents per hour instead of 32 cents as at present.

Under the head of recommendaions, the state board suggests that that the first floor of the jail had been painted shortly before the inspection by the board.

The bulletin describes the building and equipment and says that the structure, which contains 16 cells for men and 3 for women, is safe enough if prisoners are not permitted in the outer corridor. There is good ventilation and natural light. the board adds, and there is a closet in each cell, some of which are in poor condition.

"The plumbing is old and gives considerable trouble," continues the bulletin, "but there were no leaks at the time of inspection. Two bath tubs for men, one for women. The beds are iron bunks with matresses and blankets in good condition. The building is clean."

There were three prisoners in the board points out, and no employment. The sexes are separated and prisoners classified. They are required to bathe when received and weekly thereafter and they change underclothing weekly. They have ligious services. All this is set forth

"Elks are assured the largest crowd ever seen in the coliseum. Choice seats at a premium. Fair weather predicted."

That is a condensed version of what the Elks press agent has to say regarding the minstrel show which will take place in the coliseum Friday night. And he continues as follows:

The large crowd of Elks and their families from Grenesburg, Shelbyville, Newcastle and Connersville. together with the people from Rush county (and all are expected to be there) will be delightfully surprised when they enter the coliseum tomorrow night to witness the Big Minat the elaborate decorations, both throughout the building, and especof helpers have been hard at work all week on this part of the work which is almost completed.

Too much praise cannot be given Denning Havens for the manner in which he has directed the show, and his artistic work in arranging the beautiful stage settings.

The general committee in charge wishes to state emphatically that only one performance will be given so all those who have not secured tickets already and expect to go, had better do so at once, as those who come first will be accommodated. The seats are on sale at Johnson's and Lytle's drug stores.

The following is the forecast made at the Elks weather bureau for July 16. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. A Comparison.

Enormous collections of corporation and income taxes on the last day of the fiscal year enabled the U. S. Treasury Department to show a balance of \$82,025,716.03 on hand June 30. Three days later, at the close of the week, Saturday, July 3, the balance had dropped to \$75,-734,544.78. Two years ago, with Republican laws and policies in force, and when no special effort was made to make a showing, the balance made up of the same asserts amounted to \$141,172,689.16. In three days of the new fiscal year the ordinary expenditures amounted to \$10,396,274.68 while the receipts were only \$1,725,750.05, leaving a deficit of \$8,670,424.63. The new fiscal year began with a deficit growing at the rate of more than and will continue throughout next \$2,800,000 per day.

Game With Connersville Will go Through as Per Schedule-League Blows Up

DISBANDED

WEDNESDAY

Rushers Have New Two Men in the Lineup And Hope to Beat Remington's Team

Connersville will be the attraction Sunday at Edgewater as was announced the first of the week. There is no Indiana State league and the game with Connersville will be played as per schedule. The Indiana State league was finally killed yesterday at Cambridge City, just at a time when it looked certain to be

Cambridge City and Richmond, both favoring the league, split when Richmond wanted to cut the Cambridge team from \$100 to \$75 and then the blow up was easy. Cambridge City accused Richmand of wanting to put their team in Richmond and when the written vote was taken the necessary two-thirds favored the disbanding of the league.

The first time the league disbanded it was held to have been done illegally and the meeting yesterday was held to reconsider the proposition. When Richmond and Cambridge City split the disbanding was made easy.

The Connersville game here is attracting a lot of attention. That the Rushers have an equal chance to win is generally conceded. The Rushville team has one victory over Remington's team and a great battle can be expected. There will be two changes in the Rushville lineup. Bill Brietenstien will be seen in right field and a new second baseman named Brackman will be in the lineup. Rohe will be at first, Reggy, at short, Laacke at third, Hellmund in center, Cordes in left and Hewitt on the mound with Goodfellow receiving.

The fans can expect some great ball as these two teams, have always been great rivals and both are out to win. Plans for the game will go through as first announced. Jack England and Charles Feigart will umpire and a square deal can be expected. Connersville will bring a targe crowd of rooters and it is up to the Rushville fans to overcome the noise they will make.

A RUSHVILLE MAN GIVES EVIDENCE

His Testimony Will Interest Every Rushville Reader.

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in the Rushville papers lately, and this straightforward testimony has established a confidence in the minds of Rushville people that will not be easily shaken.

how many Indiana mayors, not to mention other officials, are under scrutiny at this time, The Federal grand jury will soon be in session again and numerous county grand uries are working.

As each additional city joins the list, inquiring Hoosiers ask again whether these indictments and prosecutions indicate that Indiana city governments are more corrupt than cities of other states or whether a new sense of civic righteousness is sweeping over the state, causing counties to clean up cities where conditions are no worse than the

average in other states. With the indictment of Mayor Bell Thomas Taggart Democratic National committeeman, and 126 other Indiana politicians, including Chief of Police Perrott of this city and Donn Roberts, the previous indictment were thrown into the background. Much of the attack was centered about Roach, who is the picturesque figure in the case. Roach, who admits he was a "dope" fiend, was sentenced to Michigan City prison after he had pleaded guilty to murder. While in prison Roach, forsook his bad habits and began the study of law. Later Governor Marshall, now vice president, paroled and then pardoned him. Roach was the prominent figure in the various prosecutions of Mayor Donn Roberts. After Roberts landed in Leavenworth, Roach was employed by Rucker to assist in gathering evidence against Taggart, Bell and other prominent local Democrats.

Roach is a powerful man physically and of good appearance. In Terre Haute he is feared but popular. He has a reputation there of being fearless. Friends of the indicted men declare they are being

SALE

I firmly believe that the bargains I am offering will never be duplicated by any other sale in Rushville.

SIMPLY BECAUSE

Conditions will never be the same again. I Must Close Out every dollar's worth of my present stock, because in my new store (open about August 15) I will have entirely new goods and will operate on an entirely new policy. Consequently, I am selling seasonable goods at rock-bottom prices, just because I absolutely must get rid of them. Whether I make anything on them or not, they must be sold-somehow-to some one-and everyone who buys will get

REAL BARGAINS

Those who have already taken advantage of these rare values have bought clothes and furnishings at wonderful savings-rich, nobby, seasonable goods that other stores are selling right now for full price. But there is still a big selection left, all standard makes-A. B. Kirschbaum, Gordon-Meyer and Roberts Wicks suits-at phenomenally low prices. You actually can't afford to miss bargains such as these.

Single Copies, 2 Cents

Increase of Real Estate For Whole County is Eight And One-Half Per Cent, Deputy Auditor Says

IS NEAR THE AMOUNT ASKED

Rushville Township's Land is Worth The Most And Ripley is Lowest in The List

Deputy Auditor Bales has figured the average, assessed value of the land in the county as taken from the township assessors' books. The assessed value of the land in the county shows an increase of practically eight and one-half per cent.

The average of the assessed value of the real estate in some of the townships presents some strang figures. Rushville township, as would naturally be supposed, heads the list. The average value in this township is given at \$47.27 per acre. The land in this township is figured more valuable because of the distance from the city.

The heard of review did not change any of the township average assessments. The board has this power and the state board has the power to raise the county assessment. As this county shows an increase well towards the ten per cent mark by the state board of tax commissioners, there is little fear expressed here that an increase will be made. The average for the county is \$43.57 per acre.

County officials are unable to explain just why Washington township's assessments should be higher than Center township. It is pointed out that there is just as good land in Center as in Washington, but the average assessment of Washington is almost three dollars higher. Ripley township has the lowest of any, \$40.11 per acre. It is pointed out there is some bad land in Ripley along Blue River, which accounts for the low average assessment.

The average assessments of land per acre by townships is as follows: Rushville. \$47.27: Jackson. \$45.27; Noble. \$44.79; Washington. \$44.33; Anderson, \$44.05; Walker, \$43.99; Union, \$43.86; Posey, \$42.13; Orange, \$41.93; Richland, mer. \$40.11.

Chicago Strikers Get About all They Asked Board For.

(By United Press.)

Chicago, July 15 .- Chicago street car men have won their fight for higher pay and a shorter period of service to obtain maximum pay. The arbitration board announced its decision today.

The result was a sweeping victory for the employes. They won practically every contention of importance for which they struck. The highest pay, it is said, will be at least 35 cents and possibly 36 cents per hour instead of 32 cents as at present.

Diversity of Program Wednesday Night Wins Approval From Large Crowd on the Streets.

SOLOS LOUDLY APPLAUDED

The second band concert by the Odd Fellows band, given Wednesday night on the court house square, met the approval of a large crowd of people who tarried in the last number and who applauded frequently. The diversity of the program was the best thing ever attempted by a local band and the erowd showed its appreciation by outbursts of applause at the conclusion of each number.

A heretofore unrecognized soloist made his appearance with the band. Clifford Haehl was instantly popular when he sung, "In the Hills of Old Kentucky," to the accompaniment of the band. He had to give an encore because the crowd demanded it. Harry Lucas' cornet solo was also very fine and received loud applanse

The band appeared in new uniforms last night and the members were highly complimented for their efforts to give Rushville a first-class musical organization. The band management promises there are a number of other surprises in store for the weekly concerts this sum-

POOR ASYLUM 6 DISTRICT W BEING PLANNED & NEXT A ORDER

This is Understanding of Board of State Charities Regarding the Local Situation.

STATEMENT IN BULLETIN

Sheriff Cavitt is Complimented For Care of County Jail-Poor Farm Not so Good.

The board, in the builetin, reports on the last inspection of both the county jail and the county poor farm. Under the head of recommendations, the bulletin says concerning the poor farm: "A new building and equipment is being planned."

This indicates that the state board has been given that understanding. Although a new building has been discussed and Amos W. Butler, secretary of the board of state charities, has been interviewed on the subject. no money has yet been appropriated for the building. It was the opinion of many that the county council might take some action in this direction at a meeting held last month, nothing of the sort was done.

The state board's report complimented Sheriff Cavitt for his conduct of the county jail. "The condition of the building indicates good administration," says the bulletin. "The commissioners visit the iail frequently. Tramps are not admitted. No printed rules,"

Under the head of recommendations, the state board suggests that rules for the prisoners be adopted and printed. Under the head of improvements, the bulletin points out that the first floor of the jail had been painted shortly before the inspection by the board.

The bulletin describes the building and equipment and says that the structure, which contains 16 cells for men and 3 for women, is safe enough if prisoners are not permitted in the outer corridor. There is good ventilation and natural light the board adds, and there is a closet in each cell, some of which are in poor condition.

"The plumbing is old and gives considerable trouble," continues the bulletin, "but there were no leaks at the time of inspection. Two bath tubs for men, one for women. The beds are iron bunks with matresses and blankets in good condition. The building is clean."

There were three prisoners in ail when the state board visited here. They have no occupation, the board points out, and no employment. The sexes are separated and prisoners classified. They are required to bathe when received and weekly thereafter and they change underclothing weekly. They have newspapers for reading, but no religious services. All this is set forth expenses for 1913.

Good Roads Boosters at Marion Organize to Get Loop of Dixie Highway Through Indiana.

TO ORGANIZE BY COUNTIES

Enthusiastic Representatives From Cities Along Proposed Route Speak at Meeting.

Plans formulated at the meeting ment for the county poor asylum is of good roads boosters in Marion being planned is the understanding yesterday to get a loop of the Dixie cording to the current issue of the neet with the Lincoln Highway at Elkhart call for county organization through which the proposed road is to run and a district meeting at Wabash July 28 when eachorganization is expected to send delegates.

> There were one hundred visitors present at Marion yesterday. The secretary of the Rush County Chamber of Commerce was present from here. After the meeting just before noon, the visitors had lunch and then left for Wabash at three o'clock in automobiles to attend a smoker which was given under the auspices of the Wabash Chamber of Commerce.

The road boosters up in that part of the state are enthusiastic. If they can't get recognition from the Dixie Highway commission as a "feeder," they expect to proceed with a road of their own. The route contemplated extends from Cincinnati to Greensburg through Rushville, Shirley, Anderson, Alexandria, Summittville, Fairmount, Marion, Wabash, North Manchester, Warsaw and into Elkhart.

The meeting was called to order at 10:30 Wednesday morning in the Spencer House ball room, by Secretary Tom M. Morgan of the Marion Association of Commerce. The hall was especially decorated with bunting, and a huge flag. Maps showing the proposed route were hung behind the chairman's table.

J. Wood Wilson was unanimously elected to serve as chairman of the

Sec'y. Morgan briefly explained the purpose of the meeting. He stated that the boosters had been called together for the purpose of causing the various counties along the proposed route to co-operate in their efforts to land the highway, and for the purpose of taking some action favoring or against a state highway commission.

Mr. Morgan stated that great good would come from the meeting, even though none of the cities renresented got on the Dixie road, since ill would be interested in the proposition, and thereby a great deal of travel would be diverted in their direction. Mr. Morgan hinted at the possibility of a road leading to the lake region in Northern Indiana hrough the cities represented.

"When the tourists find that we lave good hard roads they are going to come our way whether we land the highway or not-and we certainly have the roads," said Mr. Morgan. 🤋

Mr. Morgan was followed by rep resentatives of various cities, chief among whom were Joseph Henning, president of the Anderson Chamber of: Commerce, Jack Forkney, an Anderson road; booster; Circuit Court Judge Plummer of Wabash, the Rev. Dr. Charles Little of Wabash, Mr. Reed of Warsaw, Mayor James O. Batchelor and Edgar M. Baldwin, editor; of the Fairmount

South Wales Miners Strike When Government Threatens to Enforce War Munitions Act

WILL END IN WEEK, THEY SAY

(By United Press.)

Cardiff, Wales, July 15 .- The British government today faced the most serious internal trouble since the beginning of the war. In defiance of the government's threat to enforce the war munitions act. practically every coal miner in the south Wales colleries quit work today. About 120,000 persons were made idle.

The strike will probably last only until the end of this week, the miners said today. In the meantime, they believe an investigation by the government will prove their claims well founded.

President Wilson is Expected to Return to Begin German

Answer.

WILL DIFFER VERY LITTLE

(By United Press.)

Wilson will be in Washington for Tuesday's cabinet meeting, it was stated positively at the white house today. Secretary Tumulty thought it likely he would leave Cornish Sunday afternoon but was not sure

President Wilson and Secretary Lansing probably will get down to the actual preparation of the German note Wednesday, it was understood today.

In substance it was the general opinion that the note will not differ much from the one which preceded it, except in one particular:

It probably will include a para graph to the effect that the United States would like an explicit answer, not a series of evasions and counter propositions.

Velocity of Crowd For Minstrel Show is Expected to Reach One Hundred Miles Per Hour

"Elks are assured the largest crowd ever seen in the coliseum Choice seats at a premium. Fair weather predicted."

That is a condensed version of what the Elks press agent has to say regarding the minstrel show which will take place in the coliseum Friday night. And he continues as follows:

The large crowd of Elks and their families from Grenesburg, Shelbyville, Newcastle and Connersville. together with the people from Rush county (and all are expected to be there) will be delightfully surprised when they enter the coliseum tomorrow night to witness the Big Minstrels and Vaudeville entertainment, at the elaborate decorations, both throughout the building, and especially the stage. The decorating committee together with a large corpseof helpers have been hard at work all week on this part of the work which is almost completed.

Too much praise cannot be given Denning Havens for the manner in which he has directed the show, and his artistic work in arranging the beautiful stage settings.

The general committee in charge wishes to state emphatically that only one performance will be given so all those who have not 'secured' tickets already and expect to go, had better do so at once, as those who come first will be accommodated. The seats are on sale at Johnson's and Lytle's drug stores.

The following is the forecast made at the Elks weather bureau for July 16. Great flurries of excitement prevailing since last week will culminate in a cyclone of melody and merriment at about 8 p. m. in the northern part of the city Immediately following there will be the hottest kind of a hot time in the old town. Great crowds will gather to Washington, July 15.-President witness the gyrations and scintillations of the biggest aggregation of local stars ever coming together at a local point. The velocity of the crowd will reach 100 miles per hour, coming from all directions and meeting at the Coliseum. Here great conflagrations, spontaneous combustions and noises in great profusion will be no precipitation except great drops of ink falling from the perspiring brows of the stars of the constellation of Cerus Alces

Quotations of \$1.05 a Bushel is the Highest in Several Years For Opening of Harvest.

DUE TO THE CHICAGO FLURRY

New wheat here took a big jump today, local elevators offering \$1.05 a bushel. This is an increase of five cents over yesterday. About the usual amount was received, in fact there was somewhat more, for many farmers took advantage of the high price. The price for new wheat is the highest in several years for the start of the threshing season.

The jump of five cents here is atributed to the flurry Wednesday in Chicago, where July wheat reached \$1.16 on the floor of the board of trade. The flurry in Chicago was ixplained by the discovery of black ust in the Dakotas.

A Comparison.

Enormous collections of corpora tion and income taxes on the last day of the fiscal year enabled the U. S. Treasury Department to show a balance of \$82,025,716.03 on hand June 30. Three days later, at the close of the week, Saturday, July 3, the balance had dropped to \$75, 734,544.78. Two years ago, with Republican laws and policies in force, and when no special effort was made to make a showing, the balance made up of the same asserts amounted to \$141,172,689.16. In three days of the new fiscal year the ordinary expenditures amounted to \$10,396,274.68 while the receipts were only \$1,725,750.05, leaving a deficit of \$8,670,424.63. The new fiscal year began with a deficit growing at the rate of more than \$2,800,000 per day.

Treasurer's Office Has Money Due County From June Settlement With an Explanation.

OTHER PLACES METHOD

Custom in Some Counties to Hold Back Sum Coming-Total to be Distributed \$10,539.20.

The July distribution of the common school revenue and the congressional interest is now really for the township trustees. The common school revenue is the money received back from the state in the June settlement. The amount Rush county received back from the state was \$10,539.20. This amount was held up for several days because the state treasurer sent a warrant here with instruction not to deposit in a bank,

The letter of explanation stated that most of the counties held out the amount they were to get back from the state and that in this case a certificate of deposit was sent. This county forwarded the entire amount of June settlement, preferring to let the state send back full amount due the county in the settle-

It was the first time here that the warrant received was not to be deposited in a bank. The letter received from the state treasurer instructed the county treasurer to deposit the wararnt, and as this has been done, the July distribution is ready for the townships.

Besides the \$10,539.20 received in the school fund, the congressional interest amounted to \$705,39. The total percapita of the school revenue is \$2.542034. The distribution is as follows:

Game With Connersville Will go Through as Per Schedule-League Blows Up

DISBANDED

WEDNESDAY

Rushers Have New Two Men in the Lineup And Hope to Beat Remington's Team

Connersville will be the attraction Sunday at Edgewater as was announced the first of the week. There is no Indiana State league and the game with Connersville will be played as per schedule. The Indiana State league was finally killed yesterday at Cambridge City, just at a time when it looked certain to be revived.

Cambridge City and Richmond, both favoring the league, split when Richmond wanted to cut the Cambridge team from \$100 to \$75 and then the blow up was easy. Cambridge City accused Richmand of wanting to put their team in Richmond and when the written vote was taken the necessary two-thirds favored the disbanding of the league.

The first time the league disbanded it was held to have been done illegally and the meeting yesterday was held to reconsider the proposition. When Richmond and Cambridge City split the disbanding was made casy.

The Connersville game here is attracting a lot of attention. That the Rushers have an equal chance to win is generally conceded. The Rushville team has one victory over Remington's team and a great battle can be expected. There will be two changes in the Rushville lineup. Bill Brietenstien will be seen in right field and a new second baseman named Brackman will be in the lineup. Rohe will be at first, Reggy, at short, Laacke at third, Hellmund in center, Cordes in left and Hewitt on the mound with Goodfellow re-

The fans can expect some great ball as these two teams, have always been great rivals and both are out to win. Plans for the game will go through as first announced. Jack England and Charles Feigart will umpire and a square deal can be expected. Connersville will bring a large crowd of rooters and it is up to the Rushville fans to overcome the noise they will make.

how many Indiana mayors, not t mention other officials, are under scrutiny at this time, The Federal grand jury will soon be in session again and numerous county grand uries are working.

As each additional city joins the list inquiring Hoosiers ask again whether these indictments and prosecutions indicate that Indiana city governments are more corrupt than cities of other states or whether a new sense of civic righteonsness is sweeping over the state, causing counties to clean up cities where conditions are no worse than the average in other states.

With the indictment of Mayor Bell Thomas Taggart Democratic National committeeman, and 126 other Indiana politicians, including Chief of Police Perrott of this city and Donn Roberts, the previous indictment were thrown into the background. Mayor Bunch of Muncie has taken legal points of his case to the state supreme court and a decision will not come until October, and the to Indiana and take a pot shot at Terro Haute conspiracy so thorsome prosperous executive. There oughly cleaned up by U. S. District Attorney Dailey is history.

The Indianapolis indictment, striking as it did so many prominent Indiana Democrats, has caused more state-wide bitterness than any of its predecessors. A political writer employed by state Democrats counts for conspiring to corrupt the to write for Democratic papers has not hesitated to attack Prosecutor Alvah J. Rucker of Marion county and his assistant, Joseph Roach, until recently of Terre Haute. He has charged that Roach and Rucker of conspiring to corrupt the Vigo take their orders from a source opposed to Thomas Taggart, which he describes as a "sinster influence."

When George R. Ray, editor of the Herald a Democratic organ published here, printed an editorial attacking Judge James A. Collins of the Marion County criminal court, he was cited for contempt of court and of the grand jury on the application of Prosecutor Rucker. Ray's editorial charged that Judge Collins "tried to confine the grand jury until indictments were agreed but failed."

Judge Collins and Prosecutor Rucker were elected on the successful Republican ticket in the election investigated by the grand jury. The county election resulted in a Republican land slide while the state went Democratic, though with a majority somewhat reduced.

Much of the attack was centered about Roach, who is the picturesque figure in the case. Roach, who admits he was a "dope" fiend, was sentenced to Michigan City prison after he had pleaded guilty to murder. While in prison Roach, forsook his had habits and began the study of law. Later Governor Marshall, now vice president, paroled and then pardoned him. Roach was the prominent figure in the various prosecutions of Mayor Donn Roberts. After Roberts landed in Leavenworth, Roach was employed by Rucker to assist in gathering evidence against Taggart, Bell and other prominent local Democrats.

Roach is a powerful man physically and of good appearance. In Terre Haute he is feared but popular. He has a reputation there of being fearless. Friends of the indicted men declare they are being "hounded by a convict."

Don't Miss The

SALE

I firmly believe that the bargains I am offering will never be duplicated by any other sale in Rushville.

SIMPLY BECAUSE

Conditions will never be the same again. I Must Close Out every dollar's worth of my present stock, because in my new store (open about August 15) I will have entirely new goods and will operate on an entirely new policy. Consequently, I am selling seasonable goods at rock-bottom prices, just because I absolutely must get rid of them. Whether I make anything on them or not, they must be sold-somehow-to some one-and everyone who buys will get

REAL BARGAINS

Those who have already taken advantage of these rare values have bought clothes and furnishings at wonderful savings-rich, nobby, seasonable goods that other stores are selling right now for full price. But there is still a big selection left, all standard makes-A. B. Kirschhaum, Gordon-Meyer and Roberts Wicks suits-at phenomenally low prices. You actually can't afford to miss bargains such as these.

Summer Capital is in Upheavel Over Eccentric Activities of Winston-Churchill.

AUTHOR DOESN'T LIKE DUST

So he Changed Course of the Road and Built High Board Fence in Front of His Home.

(By United Press.)

Windsor, Vt. July 14.-When President Wilson arrived here for his vacation he found himself in the midst of a somewhat acrimonious neighborhood fued. Winston Churchill, the celebrated author, was the storm center. And the President observed strict neutrality.

A high board fence, the cause of so much neighborly contention, was ent showed his approval by stand- It is believed the attendance will the census bolli of the dispute that ingagitated the author's colony in the Cornish hills about the President's summer house.

"Harlakenden House," occupied by the President as a summer residence was formerly the home of Churchill, when it was leased by the President Churchill took another quaint, but large, country house about two miles distant, east of the President's and the Connecticut river. Churchill liked the house, but didn't enjoy proximity producer. are two old brick buildings. The main building is inconveniently arranged. The women occupy the second floor, over the men's quarters. These departments are locked at night, but the sexes are not entirely separated during the day. Most of the women are unable to go up and down stairs. The narrow halls on each floor, which are used as sitting rooms, are dark and poorly ventilated. Artificial light is kept burning during the day. There are bath tubs, lavatories and closets but they cannot be used during the winter, as the water is turned off because of the lack of heat. The building is eated by stoves which are in the hall and natural gas is used for lighting. The bedding is standard but not very clean. The building is only fairly well kept. The onestory custodial building is in poor repair and unsunitary.
